The review procedures established by the Group for the RRPT(s) are as follows:-

- i. The identity of the Related Party is disclosed/ circulated within the Group and at the same time, the Related Party is notified that all RRPT(s) are required to be taken on arm's length basis and on normal commercial terms not more favourable to the Related Party than those generally available to the public;
- ii. All RRPT(s) to be entered into will be reviewed by the Audit & Risk Management Committee at every quarter and subsequently reported to the Board to ensure that the transactions are not more favourable to the Related Party and will not be detrimental to the minority shareholders;
- iii. Records will be maintained by the Company to capture all RRPT(s) which are entered into pursuant to the shareholders' mandate;
- iv. The transaction prices are determined by the prevailing market rates/ prices that are agreed upon under similar commercial terms for transactions with third parties, business practices and policies and on terms which are generally in line with industry norms;
- v. The Board and the Audit & Risk Management Committee shall review the internal audit reports to ascertain that the guidelines and procedures established to monitor the RRPT(s) have been complied with and review shall be done at every quarter with the review of quarterly results; and

At least two (2) other contemporaneous transactions with unrelated third parties for similar products/ services, and/ or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/ by the Related Parties are fair and reasonable and comparable to those offered to/ by other unrelated third parties for the same/ substantially similar type of products/ services and/ or quantities.

Where quotation or comparative pricing from unrelated third parties cannot be obtained, the transaction price will be determined by the Group based on those offered to/ by other unrelated parties for the same or substantially similar type of transaction to ensure that the RRPT(s) is not detrimental to the Group.

The guidelines for the relevant approving authority practiced by the Group in relation to RRPT(s) are as follows:-

2.4 Statement by Audit & Risk Management Committee

The Audit & Risk Management Committee is satisfied that the review procedures for RRPT(s) are sufficient and appropriate to ensure that such RRPT(s) will be undertaken at arm's length and are on normal commercial terms consistent with the industry norms not more favourable to the Related Party than those generally available to the public and that such terms will not be detrimental to the interests of the minority shareholders of Cocoland or disadvantageous to the Group.

Dear Sir / Madam,

PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

1. INTRODUCTION

At the EGM held on 3 November 2017, the Company obtained the approval from the shareholders the authority for the Company to purchase its own shares of up to 10% of the total number of issued shares of the Company. The said approval will expire at the conclusion of the forthcoming Eighteenth (18th) AGM, unless renewed by the shareholders of the Company.

On 2 April 2018, the Board announced its intention to seek shareholders' approval for renewal of authority for the Company to purchase up to 10% of the total number of issued shares of the Company at the forthcoming 18th AGM.

THE PURPOSE OF THIS STATEMENT IS TO PROVIDE YOU WITH DETAILS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY AND TO SEEK YOUR APPROVAL FOR THE ORDINARY RESOLUTION PERTAINING THERETO TO BE TABLED AT THE FORTHCOMING AGM, NOTICE OF WHICH HAS BEEN SET OUT IN THE 2017 ANNUAL REPORT.

SHAREHOLDERS OF COCOALAND ARE ADVISED TO READ AND CONSIDER CAREFULLY THIS STATEMENT BEFORE VOTING ON THE ORDINARY RESOLUTION PERTAINING TO THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY.

2. DETAILS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

2.1 Details of the Proposed Share Buy-Back

The Board is proposing to seek the shareholders' approval for the renewal of authority for the Company to purchase up to 10% of its total number issued shares.

As at the LPD, Cocoland has an issued share capital of RM114,400,000.00 comprising 228,800,000 Cocoland Shares. Hence, the maximum number of Shares that may be purchased or held as treasury shares by Cocoland is 22,880,000 Shares.

The Proposed Share Buy-Back will be undertaken in accordance with Section 127 of the Act, Subdivision 3 of Division 1 of Part III of the Act and Chapter 12 of the Listing Requirements and any prevailing rules and regulations issued by the relevant authorities at the time of purchase.

The purchase of Shares under the Proposed Share Buy-Back will be carried out through Bursa Securities via stockbroker(s) to be appointed by the Board.

Based on Section 127(4) of the Act, where Cocoland has purchased the Shares, the Directors of Cocoland may resolve:-

- (a) to cancel the shares so purchased;
- (b) to retain the shares so purchased in treasury, which is referred to as "treasury shares" in the Act; or
- (c) to retain part of the shares so purchased as treasury shares and cancel the remainder of the shares.

Accordingly, based on Section 127(7) of the Act, where such Shares are held as treasury shares, the Directors of Cocoland may:

- (a) distribute the shares as dividends to shareholders, such dividends to be known as "share dividends";
- (b) resell the shares or any of the shares in accordance with the relevant rules of the stock exchange;
- (c) transfer the shares, or any of the shares for the purpose of or under an employee's share scheme;
- (d) transfer the shares, or any of the shares as purchase consideration;
- (e) cancel the shares or any of the shares; or
- (f) sell, transfer or otherwise use the shares for such other purposes as the Minister may be order prescribe.

The mandate from the shareholders for the Proposed Renewal of Share Buy-Back Authority will be effective immediately after obtaining the approval of the shareholders of the Company for the Proposed Renewal of Share Buy-Back Authority and will continue to be in force until:

- (i) the conclusion of the next AGM of Cocoland at which time the Proposed Renewal of Share Buy-Back Authority will lapse unless by ordinary resolution passed at the general meeting, the authority is renewed, either unconditionally or subject to conditions;
- (ii) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (iii) the authority is revoked or varied by ordinary resolution passed by the shareholders of Cocoland in a general meeting.

The decision whether to retain the Purchased Shares as treasury shares, or to cancel the Shares purchased or a combination of both, will be made by the Board at the appropriate time.

In the event that the Cocoland Shares purchased pursuant to the Proposed Share Buy-Back are held as treasury shares, the rights attached to them as to voting, dividends and participation in other distribution and otherwise are suspended and the treasury shares shall not be taken into account in calculating the number or percentage of shares or of a class of shares in the Company for any purposes including, without limiting the generality of Section 127 of the Act, Subdivision 3 of Division 1 of Part III of the Act, the Company's Articles of Association or the Listing Requirements on substantial shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on a resolution at a meeting.

2.2 Maximum amount of funds to be allocated and the source of funds

Paragraph 12.10(1) of the Listing Requirements stipulates that the Proposed Share Buy-Back must be made wholly out of the retained profits of the company. Based on the latest audited financial statements of Cocoland as at 31 December 2017, Cocoland has retained profits of RM42,998,014 at company level.

The Proposed Share Buy-Back will allow the Board to exercise the power of the Company to purchase its own Shares at any time within the abovementioned period using the internal funds of the Group and/or external borrowings and the amount shall not exceed the aggregate amount of retained profit of the Company. The amount of internally generated funds and/or external borrowings to be utilised will only be determined later, depending on, amongst others, the availability of internally generated funds, the actual number of Shares to be purchased and other relevant factors. The actual number of Shares to be purchased and the timing of such purchases will depend on, amongst others, the market conditions and sentiments of the stock market as well as the retained profits and the financial resources available to the Cocoland Group.

If Cocoland purchases its own Shares by using external borrowings, the Board will ensure that Cocoland Group has sufficient funds to repay the external borrowings and that the repayment will not have any material effect on the cash flow of the Cocoland Group. In addition, the Board will ensure that Cocoland satisfies the solvency test as stated in Section 112(2) of the Act before executing the Proposed Share Buy-Back.

2.3 Potential advantages and disadvantages

The potential advantages and disadvantages of the Proposed Share Buy-Back, if implemented, to the Company and its shareholders are as follows:

Potential advantages:

- (a) the EPS of the Cocoland Group would be enhanced (all things being equal);
- (b) Cocoland may be able to reduce any unwarranted volatility of its Shares and assist to stabilise the supply, demand and price of its Shares in the open market, thereby supporting the fundamental value of its Shares;
- (c) if the Purchased Shares are retained as treasury shares, it will provide the Board an option to sell the treasury shares at a higher price and therefore make an exceptional gain for Cocoland. Alternatively, the treasury shares may be distributed as share dividends to shareholders;
- (d) Cocoland will have flexibility in achieving the desired capital structure, in terms of debt and equity composition and size of equity; and

- (e) Cocoaland is able to take preventive measures against speculation particularly when its Shares are undervalued which would in turn, stabilise the market price of the Shares and hence, enhance investors' confidence.

Potential disadvantages:

- (i) reduce the financial resources of the Cocoaland Group and may result in the forgoing of better investment opportunities that may emerge in the future; and
- (ii) may result in the reduction of financial resources available for distribution of dividends and/or bonus shares to shareholders in the future as the Proposed Share Buy-Back can only be made out of the retained profit of the Company.

However, these disadvantages are mitigated by the prospect that the financial capacity of the Group may increase, if the Purchased Shares held as treasury shares are re-sold at higher price than their purchase price.

The Proposed Share Buy-Back is not expected to cause any potential material disadvantage to the Company or its shareholders as any share buy-back exercise will be undertaken only after in depth consideration of the financial resources of the Company and of the resultant impact to its shareholders.

The Board will be mindful of the interests of the Company and its shareholders when undertaking the Proposed Share Buy-Back and in the subsequent resale of treasury shares on Bursa Securities, if any.

2.4 Public shareholding spread

The Proposed Share Buy-Back will be carried out in accordance with the prevailing laws at the time of the purchase including compliance with the 25% public shareholding spread as required under paragraph 8.02(1) of the Listing Requirements.

Based on the Record of Depositors of the Company as at the LPD, the total percentage of the issued share capital of Cocoaland which is held by the public was 30.56%, representing 2,233 public shareholders holding 69,932,446 Shares.

The Board will be mindful of the public shareholding spread requirement before making any purchases of its own Shares.

2.5 Implication relating to the Code

As at the LPD, Leverage Success holds 38.04% of the voting shares in Cocoaland. The future purchase of Cocoaland of its own shares pursuant to the Proposed Share Buy-Back may cause the voting interest of Leverage Success and persons related to Leverage Success in Cocoaland to increase by more than 2% in any 6-month period (the effects of such purchase on the shareholdings of Leverage Success is set out in Section 4.7 below). As a result, Leverage Success will be required to undertake a mandatory take-over offer pursuant to Part III of the Code.

As it is not intended for the Proposed Share Buy-Back to trigger the obligation to undertake a mandatory general offer under the Code for any of its substantial shareholders and/or persons acting in concert with them, the Board will ensure that only such number of Cocoaland Shares are purchased, retained as treasury shares, cancelled or distributed such that the Code will not be triggered. In this connection, the Board is mindful of the requirements when making any purchase of Cocoaland Shares pursuant to the Proposed Share Buy-Back.

2.6 Purchase price and resale price

Pursuant to the Listing Requirements, Cocoaland may only purchase its Shares on Bursa Securities at a price which is not more than fifteen percent (15%) above the VWAMP of the

Cocoaland Shares for the five (5) market days immediately prior to the date of purchase(s). An immediate announcement will be made to Bursa Securities of any purchase(s) of its own Shares on the day of purchase.

Where the Company decides to resell the treasury shares on Bursa Securities, the Company may only do so at:

- (i) a price which is not less than the VWAMP for Cocoaland Shares for the five (5) market days immediately prior to the resale; or
- (ii) a discounted price of not more than five percent (5%) to the VWAMP for the Cocoaland Shares for the five (5) market days immediately prior to the resale provided that:
 - (a) the resale takes place not earlier than thirty (30) days from the date of purchase; and
 - (b) the resale price is not less than the cost of purchase of the Cocoaland Shares being resold.

2.7 Purchase of its own shares in the preceding twelve (12) months

Cocoaland has not made any purchase of its own Shares in the previous twelve (12) months preceding the date of this Statement. As such, the Company does not have any treasury shares and has not resold, cancelled and/or distributed any treasury shares as dividends in the same period.

3. RATIONALE FOR THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back is undertaken for the following purposes:

- (i) enable the Company to utilise any of the Cocoaland Group's surplus financial resources, which is not immediately required for other uses, to purchase its own Shares from the open market at market prices which the Board views favourable;
- (ii) to stabilise the supply and demand, thereby supporting the fundamental value of the Cocoaland Shares;
- (iii) if the purchased Cocoaland Shares are subsequently cancelled, long-term investors are expected to enjoy a corresponding increase in the value of their investments in the Company with the proportionate strengthening of the EPS of Cocoaland;
- (iv) the purchased Cocoaland Shares can also be held as treasury shares and resold on Bursa Securities at a higher price therefore realising a potential gain without affecting the total issued share capital of the Company;
- (v) should any treasury shares be distributed as share dividends, this would also serve to reward the shareholders of the Company; and
- (vi) to distribute the treasury shares to the eligible employees under the Share Grant Scheme.

4. FINANCIAL EFFECTS OF THE PROPOSED SHARE BUY-BACK

The pro forma effects of the Proposed Share Buy-Back on the issued share capital, NA, earnings, EPS and shareholdings of substantial shareholders are set out below.

4.1 Issued share capital

The effects of the Proposed Share Buy-Back are dependent on whether the Shares purchased are cancelled or alternatively retained as treasury shares.

Based on the assumption that the maximum number of Shares authorised to be purchased or held as Treasury Shares under the Proposed Share Buy-Back are cancelled, the effect on the share capital and number of issued Shares would be as follows:

	No. of Cocoaland Shares
Issued share capital as at the LPD	228,800,000
To be purchased and cancelled pursuant to the Proposed Share Buy-Back	(22,880,000)
Total number of issued Shares after the Proposed Share Buy-Back	205,920,000

The effects of the Proposed Share Buy-Back on the issued share capital of the Company will depend on the intention of the Board with regards to the treatment of the purchased Cocoaland Shares. If the purchased Shares are cancelled, the issued share capital will be reduced by the number of Shares so cancelled. Conversely, if the purchased Cocoaland Shares are retained as treasury shares, resold or distributed to the shareholders, the Proposed Share Buy-Back will not have any effect on the issued share capital of the Company. Nevertheless, certain rights (such as voting rights) attached to the purchased Cocoaland Shares will be suspended when held as treasury shares.

4.2 NA and gearing

The effect of the Proposed Share Buy-Back on the NA per Share will depend on the actual purchase prices of the Cocoaland Shares. If all the Cocoaland Shares purchased are cancelled, the Proposed Share Buy-Back will reduce the NA per Share if the purchase price exceeds the NA per Share at the time of the purchase. Conversely, the NA per Share will increase if the purchase price is below the NA per Share at the time of the purchase.

The NA will decrease if the Purchased Shares are retained as treasury shares due to the accounting requirement for treasury shares to be carried at cost resulting in a decrease by the cost of the treasury shares.

If the treasury shares are subsequently resold on Bursa Securities, the NA upon the resale will increase if the Company realises a gain from the resale, and vice-versa. If the treasury shares are distributed as dividends, the NA of the Cocoaland Group will be reduced by the cost of the treasury shares.

The effects of the Proposed Share Buy-Back on the gearing of the Group will depend on the proportion of borrowing utilised to fund any purchase of the Purchased Shares. At this juncture, Cocoaland has not determined whether to use any form of borrowings for purposes of the Proposed Share Buy-Back. Nevertheless, all else being equal, assuming that the treasury shares are retained by the Company and no borrowing is being utilised to fund any purchase of the Purchased Shares, the Proposed Share Buy-Back may increase the gearing of the Group as the equity will be reduced by the cost of shares acquired and held as treasury shares.

4.3 Earnings and EPS

Assuming the purchased Cocoaland Shares under the Proposed Share Buy-Back are cancelled, the Proposed Share Buy-Back may increase the EPS of Cocoaland Group. In addition, on the assumption that the Purchased Shares are treated as treasury shares and subsequently resold, the earnings of Cocoaland Group may be affected depending on the actual selling price and number of treasury shares resold. In the event the Purchased Shares are held as treasury shares, the effective reduction in the issued share capital of the Company pursuant to the Proposed Share Buy-Back would generally, all else being equal, increase the consolidated EPS of the Group.

4.4 Working Capital

The Proposed Share Buy-Back, when implemented, will reduce the working capital of the Cocoaland Group, with the quantum depending on the purchase price(s) and the actual number of Cocoaland Shares bought back. However, the Board believes that the Proposed Share Buy-Back will not have any material effect on the working capital of the Group.

4.5 Existing convertible securities

As at the LPD, the Company does not have any other outstanding convertible securities.

4.6 Dividends

Assuming the Proposed Share Buy-Back is implemented in full and the dividend quantum is maintained at historical levels, if the Cocoaland Shares so purchased are cancelled, the Proposed Share Buy-Back will have the effect of increasing the dividend rate of Cocoaland as a result of the reduction in the issued share capital of Cocoaland.
